

**Beth Offenbacher, PhD, ACC
Waterford, Inc.**

A dynamic executive with 25+ years of experience, Beth works with people and organizations to visualize, build, and deliver a greener future, for themselves, their clients, and their communities.

She is the first person in her family to graduate from college and she believes deeply in the power of education to advance social, economic, and environmental sustainability. Her work with organizations focuses on strategic workforce planning and mentoring people on evidence-based practices, such as inclusive leadership and social/emotional intelligence, that contribute to role or project success in support of business objectives.
